

Don't Be A Fool

Beverley Knight

Dreams are dreams and they do come true
I believe in dreams don't you
We all need something to hold on to
Analyse the situation
You have got to take control
Do the best in what you think you know
You got to tell yourself
Try and you will progress
There more to life than you know
Don't give up the fight
Take one day at a time
You've just got to have heart so

Don't be a fool no
Don't throw your life away
Don't be a fool no
Don't waste your life away
Ah don't be a fool
Don't throw your life away
Don't be a fool
Don't waste your life away
Sort your life out yeah yeah yeah yeah

Sleepless nights hallucinations
Can't get up the day is through
Here's the night the stars they look at you
Puff the magic dragons got you
Locked into his highs and lows
Then you find it harder to breakthrough

You got to tell yourself
Try and you will progress
There more to life than you know so much more than you know
Don't give up the fight
Take one day at a time one day
You've just got to have heart so

Don't be a fool
Don't throw your life away
Don't be a fool
Don't waste your life away
Don't be a fool
Don't throw your life away
Don't be a fool
Don't waste your life away
Sort your life out uh yeah yeah yeah yeah

Sort you life out yeah yeah yeah yeah
Oh yeah
