## **Mutual Feeling**

## **Beverley Knight**

You're the one for me, I'm the one for you It's a mutual feeling, the feeling is mutual You're the one for me, I'm the one for you It's a mutual feeling, the feeling is mutual

I knew the feeling was mutual When I first laid my eyes on you There was nothing anyone could do to change my mind I could tell we would do just fine

As long as you love me truthfully Nothing can divide us, no-one in between us The way I feel is so strong you're the one I really need Make your loving real

Together love can be beautiful I know you're feeling the same way too There's only few that can understand what we have Except that they'll never catch the vibe

As long as you can see ain't no time for "3" Nothing can divide us, no-one in between us Cuz when you're down in my groove, baby I'm the only one you need, it's the place to be
