

# Remember Me

Beverley Knight

Do you remember  
There was once a young woman  
And she had loved you like no other before  
When you were together  
You were the heart and soul of the party

Now them days is over  
Them times, them times are no more  
Though you're gone I can still feel your presence  
Least I think that's the way it should be  
So wherever you are take a minute  
Remember me, remember me

Sometimes it feels like I'm left in this darkness  
God called your number and then he just turned out the light  
Heaven embraced you and I know, I know that you're happy  
But, oh I miss you, I miss, I miss you and I cry for you every  
night

Well, one day we will be reunited  
Least I hope that is our destiny  
So while you chill in the arms of angels  
Remember me, remember me

Remember me, oh please  
Remember me  
Remember me
