Funny how, when in love, everything your baby does has meaning
Then it ends, love is spurned and then your sanity returns you
seething

What do you do?

You scream you shout you fall about, you do whatever suits ya
Yourself control is left to doubt

Revenge it seems so right

You weep you wail you tell your tale

To anyone who'll listen

Then when you find the time to chill, discover life is out there
still, so

Find a way to start it again

Bring it back and start it over

Find another way to begin

Fade to grey and turn it over

Find a way to start it again

Bring it back and start it over, again, again, again

Most of us in our lives, made a choice and sacrificed our feelings

And who's to say, that you're okay, when you feel like the layers
of your soul are peeling

Oh and I know, all you want is solitude, cuz you're ain't in the
mood

But you gotta find a way to start again, so

Restart, retrigger, press rewind and you just come again
Reset, reprogramme, wheel it back and you just come again
Restart, retrigger, press rewind and you just come again
Reset, reprogramme, wheel it back and you just come again

Oh and I know, all you want is solitude, cuz you're ain't in the
mood

But you gotta find a way to start again

Restart, retrigger, press rewind and you just come again
Reset, reprogramme, wheel it back and you just come again
Restart, retrigger, press rewind and you just come again
Reset, reprogramme, wheel it back and you just come again
