

## Southern Freeez

Beverley Knight

Love saw it in your eyes  
Sensed it in your smile  
Boy I like your style  
Oh yeah

When I saw you on the floor doing the southern freeez  
Then I knew you were the one the only one for me

Love feel it in your touch  
In the way you move  
I like it very much yes I do

Time time is moving on  
Guess it's getting late  
Soon you'll take me home

People everywhere doing the southern freeez  
Laughing all the time this is the life for me

Heartbeat whisper in my ears  
Now it won't be long no  
Just you and me my dear yeah  
Sweet darling making love so slow  
Your so beautiful yes you are  
You got me all a glow

When I saw you on the floor doing the southern freeez  
Then I knew you were the one, the only one for me
