

Square Peg

Beverley Knight

I know what they think of me
I just don't care
No one tells me to my face
They'd never dare
When you come from somewhere else
Everything feels strange
So much pressure to conform
But I don't wanna change...

Like a square peg in a round hole
I never fit in;
But I won't beg, or sell my soul
I'm stronger within.

There were times when I would try
To play along
Folks would laugh at me, but never say why
I'd got it wrong
You can stand up in a crowd with ten thousand people
And still be on your own
So if faking friends means that I'll be your equal
I'd rather be, rather be alone...

Like a square peg in a round hole
I never fit in;
But I won't beg, or sell my soul
I'm stronger within.

(And if you ever feel like I feel
You would understand)

Although some days it hurts you inside
Just hold on to your pride...

Like a square peg in a round hole
I never fit in;
But I won't beg, or sell my soul
I'm stronger within.

Like a square peg in a round hole
No, don't ever fit in
So you don't beg, or sell your soul
Oh, you're stronger within
