

Strong Hand

Beverley Knight

Remember the time, I needed more than loving
The reassurance, that someone cared for me
You gave completely, with no conditions added
I'm standing by you for your time of need
You will see...

Lean on me
I'm your strong hand
I'm your strong hand
Lean on me
I'm your strong hand
I'm your strong hand

Let me enfold you, in love that feels familiar
I see you're hurting; I'll take your pain away
Rivers of sorrow, flow only for a season
Into the sea of tranquility, you will see...

Lean on me
I'm your strong hand
I'm your strong hand
Lean on me
I'm your strong hand
I'm your strong hand

Ah yeah, Lean on me
You will see you're in my safety zone
You know
That my hand is strong
Lean on me
You will see you're in my safety zone
(You know)
That my hand is strong

You-ou
You can lean
Yes you can
You can lean
Ooh-ooh

Lean on me
I'm your strong hand
I'm your strong hand
Lean on me
I'm your strong hand
I'm your strong hand

Lean on me
I'm your strong hand
I'm your strong hand
Lean on me
I'm your strong hand
I'm your strong hand
