Strong Hand

Beverley Knight

Remember the time, I needed more than loving The reassurance, that someone cared for me You gave completely, with no conditions added I'm standing by you for your time of need You will see...

Lean on me I'm your strong hand I'm your strong hand Lean on me I'm your strong hand I'm your strong hand

Let me enfold you, in love that feels familliar I see you're hurting; I'll take your pain away Rivers of sorrow, flow only for a season Into the sea of tranquility, you will see...

Lean on me I'm your strong hand I'm your strong hand Lean on me I'm your strong hand I'm your strong hand

Ah yeah, Lean on me You will see you're in my safety zone You know That my hand is strong Lean on me You will see you're in my safety zone (You know) That my hand is strong

You-ou You can lean Yes you can You can lean Ooh-ooh

Lean on me I'm your strong hand I'm your strong hand Lean on me I'm your strong hand I'm your strong hand

Lean on me I'm your strong hand I'm your strong hand Lean on me I'm your strong hand I'm your strong hand
