Howl

Beware of Darkness

Lay down, heaven can wait You think you're right, I think you can change Draw some blood, I'm not going hungry tonight Won't it be fun, to Howl in the night? Howl - So that the angels can hear you Yeah Catch me if you can My, my, my, I'm a hungry man Oh oh Catch me if I fall Baby girl I wanna hear you howl! Cut strings you think too much I can't wait this long for a rush A misery to be alone How'd you want to be the lonely one? Howl - So that the angels can hear you Yeah Catch me if you can My, my, my, I'm a hungry man Oh oh Catch me if I fall Baby girl I wanna hear you howl! (I want to hear you Howl) Oh child when will you see the light? No no I won't give up the fight No no when will you see the light? Oh child I won't give up the fight Yeah Catch me if you can My, my, my, I'm a hungry man Oh oh Catch me if I fall Baby girl I wanna hear you howl!
