

# I Miss You

Beyoncé

I thought that things like this get better with time  
But I still need you, why is that?  
You're the only image in my mind  
So I still see you... around

I miss you, like everyday  
Wanna be with you, but you're away  
Said I miss you, missing you insane  
But if I got with you, could it feel the same?

Words don't ever seem to come out right  
But I still mean them, why is that?  
It hurts my pride to tell you how I feel  
But I still need to, why is that?

I miss you, like everyday  
Wanna be with you, but you're away  
I said I miss you, missing you insane  
But if I got with you, could it feel the same?

It don't matter who you are  
It's so simple, a feeling  
But it's everything  
No matter who you love  
It is so simple, a feeling  
But it's everything

I miss you, like everyday  
Wanna be with you, but you're away  
I said I miss you, missing you insane  
But if I got with you, could it feel the same?

It don't matter who you are  
It's so simple, a feeling  
But it's everything  
No matter who you love  
It is so simple, a feeling  
But it's everything
