

# No Request For The Corrupted

Beyond Creation

I am now attacked by someone corrupted  
Suppressing I am, suffering I'm still  
Is he what humanity is seeing?  
As my own, I will cover my eyes  
And say to myself;

Deliverance is waiting, deep inside my corpse  
Betrayed, I will fight for the cause I see  
No longer you're gonna stay free 'cause  
I am the only reason for you to fear daylight!

An imperial pain is getting you now  
You are your own victim  
Still suffering, an imperial pain is getting you

Visions are decimated, this horizon is mine  
What is entering in your eyes, right to your bastard cerebellum  
?  
Is for sure a creation of fearless society  
Fall on your knees, your pale face is exhumed to us  
Divinity has rejected your request...cover up your head!

You are now attacked by people you left behind  
Is this what you ever dreamed of?  
Look how you ruined your life  
You should have thought of the consequence  
Now pay the price of your existence

Still suffering, an imperial pain, is getting you!!!
