

# I don't need this

**Beyond Fear**

Why do you look at me  
And haunt me in my dreams  
I don't need this anymore  
The things you've done to me  
Let's keep them in the past

CHORUS

I don't (I said I don't)  
I don't need this anymore  
Yea, Yea, Yea

Some say I'm crazy  
Some say I was a fool  
I don't need this anymore  
The way you used me  
Nothing but your tool

Repeat CHORUS

I've always listened  
And it's always about you  
I don't need this anymore  
The door is open  
And it's time for you to finally leave

I don't (We don't, I said)  
I don't need this anymore  
Yea, Yea, Yea  
Yea, Yea, Yea
