

## And No More Shall We Part

Bic Runga

And no more shall we part  
It will no longer be necessary  
And no more will I say, dear heart  
I am alone and she has left me

And no more shall we part  
The contracts are drawn up  
The ring is locked upon the finger  
And never again will my letters start  
Sadly, or in the depths of winter

And no more shall we part  
All the hatchets have been buried now  
And all of birds will sing to your beautiful heart  
Upon the bough

And no more shall we part  
Your chain of command has been silenced now  
And all of those birds would've sung to your beautiful heart  
Anyhow

Lord, stay by me  
Don't go down  
I will never be free  
If I'm not free now

Lord, stay by me  
Don't go down  
I never was free  
What are you talking about?

For no more shall we part
