## I Don't Mean It

Don't make me laugh I'm not sure I'll feel it now Believe in the reason Straight from your heart What you gonna tell your friends? When they ask you all about it

I guess that's alright Always saying I don't mind and I say it all the time I don't mean it

Don't even start I'm not even listening now No feeling I'm hearing Straight from your heart What you gonna tell your friends? When they ask you all about it

I don't mean it (6x)

I don't mean it (6x)
