

That's Alright

Bic Runga

It brings you down
It gets the better of you
She's not around
And yet it stays with you
Nobody told you it was a waste of time

You're heading home
Through all the streets you know
You're on your won
Don't wanna be alone
Nobody holds you tonight

That's alright
That's alright just
Take your time to find what it is you're looking for
That's alright
That's alright just
Hold it out a little more
You'll know when you start to fall

And though you say that it's OK with you
Although today has run away from you
I won't believe you tonight

That's alright
That's alright just
Take your time to find what it is you're looking for
That's alright
That's alright just
Hold it out a little more
Nothing matters more when you're in love, no
You're not in love, no
Not in love
You're not in love, no
You're not in love, no
Not in love
You're not in love
Not in love
You're not in love
