

When I See You Smile

Bic Runga

When I see you smile it feels like I'm falling
It's not for anybody else to know
The way your face could light
The bitter dark of every street
In every town I'll ever go
It's not for anybody else to know
For anybody else to know

When I see you smile first thing in the morning
It raises curtains on your lazy eyes
Could it be that you and I
Have the greatest love to ever be

How could this have ever been before?
It's not for anybody else to know
For anybody else to know

When Friday night arrives
We'll let it pass outside the door
This is not for anybody else
Anybody else to know
