

## After A While

Bif Naked

I want you to know I needed time to rest.  
And, I must confess to you.  
I am hardest on myself.  
All I ever wanted was to try to do my best.  
And I want tell the truth now.  
I am unwell.

After awhile, I just lay down.  
After awhile, my chin ain't up.  
Bare-knuckle fighter in the third round.  
After awhile, it's all bad luck.

Save me. Save me from myself.  
Drowning in the wishing well.  
I will try to rise above.  
I am never good enough.

I want you to know that I needed time alone.  
Don't you try to tell me that you really didn't know.  
All I ever wanted was to never leave this bed.  
And I want to tell the truth - my smile is just pretend.

After awhile, I got sleepy.  
After awhile, safety lasted.  
After awhile, disenchanted.  
After awhile, I just fasted.

After awhile, I just lay down.  
After awhile, my chin ain't up.  
Bare-knuckle fighter in the third round.  
After awhile, it's all bad luck.

I'm no good for you.
