

Back In The Day

Bif Naked

Yo-o-o-oh...

The dude over there looks like he's in the headlining band
We better be nice to him, and maybe he'll let us borrow his amp

Haven't washed in a week...

I've got nothin' to eat

Those good times will always be a part of me...

Back in the day...

When we slept in the van

Back in the day...

Yeah we took the gig money and we ran

Back in the day...

Driving down the dark highway

Yeah the best was yet to come

Back in the day...

Seems like a 40 hour drive along the 405

Slippin' on the bass cabinet, I guess I'm lucky to be alive

Gas station bathroom, been pulled over, we gotta go

Ask the nice lady inside if she knows the way to Buffalo

Haven't washed in a week...

I've got nothin' to eat

Those good times will always be a part of me...

Back in the day...

When we slept in the van

Back in the day...

Yeah we took the gig money and we ran

Back in the day...

Driving down the dark highway

Yeah the best was yet to come

Back in the day...

All we want... Is for the record weasle to like our song

And all... We want... Is a big fat deal, and a rock star lunch

All we want... Is a stretch limosine that's 4 blocks long

And all... We want... Is to be number 1... At Rock Radio!

Haven't washed in a week...

I've got nothin' to eat

Those good times will always be a part of me...

Back in the day...

When we slept in the van

Back in the day...

Yeah we took the gig money and we ran

Back in the day...

Driving down the dark highway

Yeah the best was yet to come

Back in the day...

Yeah the best was yet to come

Back in the day...

Ooh yeah! Oh yeah...

Yeah the best was yet to come

Back in the day...
