

## That's Life

Bif Naked

I like babytalking, popcorn without butter,  
and anybody who will pay attention  
to these requirements.

I'm an optimistic beauty. Never impolite.  
Easy like Saturday, mid-day.  
Breezy, chilled-out, dumb girl.

That's life with me. I know.  
Around and around you will go.  
But, if I french kiss you  
in the broad daylight,  
you'll fall in love..oh,oh,oh.  
That's life with me. I know.

Well I am pretending to be a free-bouncing lover.  
I wear my defensive mask of optimism like a badge.  
And ultimately. I am much too lazy to change.  
I'm rather conditioned to my life of melodrama.

That's life with me. I know.  
Around and around you will go.  
But, if I french kiss you  
in the broad daylight,  
you'll fall in love..oh,oh,oh.  
That's life with me. I know.

That's life with me. That's how it will be, my friend.  
A roller coaster ride you won't forget.  
I am just a mess. I am just a mess, at best.  
I am just a blue-ribbon prize winner till the end.

That's life with me. I know.  
Around and around you will go.  
But, if I french kiss you  
in the broad daylight,  
you'll fall in love..oh,oh,oh.  
That's life with me. I know.
