

i got a boyfriend. he's a bad boy.
he is my favorite. he is my joy.
i got a boyfriend. "danger boy!"
he's got a girlfriend. she is my toy!

sometimes he'll twitch for no reason,
it's just a twitch, and it's part of his style.
he tells me i'm his one and only
i'm the only one making him smile.

sometimes he'll twitch for no reason,
it's just a twitch, and it's part of his style
when he's feeling sad and lonely
i'm the only one driving him wild.

he really likes me. he likes my mom.
he buys me ice cream. he likes my song.
he's got a nice car. i buy his gas.
but in the back seat, he moves too fast!

sometimes he'll twitch for no reason,
it's just a twitch, and it's part of his style.
he tells me i'm his one and only
i'm the only one making him smile.

(my boyfriend's back and you're gonna get in trouble!)

sometimes he'll twitch for no reason,
it's just a twitch, and it's part of his style
when he's feeling sad and lonely
i'm the only one driving him wild.
