

# Drown In A Natural Light

Biffy Clyro

Did you know  
It's like water  
Pain on  
Your daughter

Contradictions rule the world and are made in a natural light  
It's made in a natural light  
Contradictions rule the world and are made in a natural light  
It's made in a natural light

Did you know  
It's like water  
Pain on  
Your daughter

Contradictions rule the world  
If it's made in a natural light  
If it's made in a natural light  
Contradictions rule the world  
If it's made in a natural light  
If it's made in a natural light

Ooh ooh  
Drown a woman in natural light  
Drown a woman in natural light  
Ooh ooh  
Drown a woman in natural light  
Drown a woman in natural light

The light and I am dying  
But it's the most I've ever lived  
This light and I am trying  
It's the most I've ever lived
