

## Feverish

Biffy Clyro

Are we getting close?  
Come feel my fever  
You've a right to know  
I'm the one that feeds ya'

There is just one thing that I could never do:  
Write a melody that isn't inspired by you

You've got your message and I've got mine  
We'll see who delivers it right  
Your shooting rifles, I'll pull the blind  
I could be slayed

I've got bills to pay  
But I can't pay them  
I've got girls to lay  
But I can't lay them

There is just one thing that I could never do:  
Write a melody that isn't inspired by you

You've got your message and I've got mine  
We'll see who delivers it right  
Your shooting rifles, I'll pull the blind  
I could be slayed

You've got your message and I've got mine  
We'll see who delivers it right  
Your shooting rifles, I'll pull the blind  
I could be slayed
