

# Flammable

Biffy Clyro

All of the things I said shouldn't fail you now  
Unless you're looking for a miracle  
Out of the light, we lost you in the crowd  
You'll never find us a miracle

You can fail me now  
You can leave me now  
You can let me down  
But you'll never know...

All of your self control  
Denies you the light, puts you in a hole  
How come that no-one knows  
You have a heart?  
Do you have a soul?

You need someone to tell  
You need someone to hold  
If this is love then what are you waiting for?  
You need someone to tell  
You need someone to hold  
If this is love then what are you waiting for?

How do we light the torch and pass it round?  
We need something that's flammable  
You and I conspire and split the ground  
This is oh so critical

You can fail me now  
You can leave me now  
You can let me down  
But you'll never know...

All of your self control  
Denies you the light, puts you in a hole  
How come that no-one knows  
You have a heart?  
Do you have a soul?

You need someone to tell  
You need someone to hold  
If this is love then what are you waiting for?  
You need someone to tell  
You need someone to hold  
If this is love then what are you waiting for?

You need someone to tell  
You need someone to hold  
If this is love then what are you waiting for?  
You need someone to tell  
You need someone to hold  
If this is love then what are you waiting for?
