I'd like to be in a bucket of pee until everything else is just fine

you would believe what i cannot deceive until everything else i s just mine

I am over you

i am over

I'd like to be all the love that i feel for the woman who keeps me alive

you'd like to know what went into the home that covers me now i 'm alive

I am over you

i am over you

til the memories complete iname

i'd like to be in a bucket of pee until everything else is just fine

you would believe what i cannot deceive until everything else i s just mine

I am over you

i am over you

til the memories complete iname

I am over you

i am over you

til the memories complete iname

I will undo half of the things that i should've been through i will have done everything else that you needed to do needed to
