

# Love Has a Diameter

Biffy Clyro

You can give up if you like your heads lying down at your feet  
You can call on the phone anytime you want to talk to me  
If you know who you are you can always go round and see  
If you don't and you're scared concentrate and grit your teeth

I'm watching the radio cause I don't compare  
I'm watching the radio but it's the television looking at me

Woooooah  
Woooooah  
Woooooah  
Woooooah

Feathers will fly if you shoot a bullet full of bubble gum  
At my throat or my heart I'm protected by a humming bird  
Receive only luck if you can it wouldn't be a constant mistake  
Over flown but under worn so please come follow me

I'm watching the radio cause I don't compare  
I'm watching the radio but it's the television looking at me  
I'm watching the radio cause I don't compare  
I'm watching the radio but it's the television looking, the television looking at me

Woooooah  
Woooooah  
Woooooah  
Woooooah  
(i will claw at your own feet)  
Woooooah  
(just because it tastes so sweet)  
Woooooah  
(take it out quiet star)  
Woooooah  
(its not like your in need)  
Woooooah
