

Love Has a Diameter

Biffy Clyro

You can give up if you like your heads lying down at your feet
You can call on the phone anytime you want to talk to me
If you know who you are you can always go round and see
If you don't and you're scared concentrate and grit your teeth

I'm watching the radio cause I don't compare
I'm watching the radio but it's the television looking at me

Wooooah
Wooooah
Wooooah
Wooooah

Feathers will fly if you shoot a bullet full of bubble gum
At my throat or my heart I'm protected by a humming bird
Receive only luck if you can it wouldn't be a constant mistake
Over flown but under worn so please come follow me

I'm watching the radio cause I don't compare
I'm watching the radio but it's the television looking at me
I'm watching the radio cause I don't compare
I'm watching the radio but it's the television looking, the television looki
ng at me

Wooooah
Wooooah
Wooooah
Wooooah
(i will claw at your own feet)
Wooooah
(just because it tastes so sweet)
Wooooah
(take it out quiet star)
Wooooah
(its not like your in need)
Wooooah

I'm watching the radio cause I don't compare
