

# Mountains

Biffy Clyro

I took a bite out of a mountain range, thought my teeth would break the mountain down.

Lets go, I want to go, all the way to the horizon.

I took a drink out of the ocean and I'm treading water there before I drown.

Lets dive, I want to dive, to the bottom of the ocean.

I took a ride, I took a ride, I wouldn't go there without you.

Lets take a ride, we'll take a ride. I wouldn't leave here without you.

I am a mountain, I am the sea, you can't take that away from me.

I am a mountain, I am the sea, you can't take that away from me.

(when they play this live he plays a riff roughly based around the A chord, so either

at other tabs or use your imagination for this bit)

'Cause you tear us apart, with all the things you don't like.

You can't understand that I won't leave 'til we're finished here, and then you'll find

where it all went wrong.

I wrote a note to the jungle and it wrote me back that I was never crowned, king of the jungle, so there's and end to my horizon.

I took a ride, I took a ride. I wouldn't go there without you.

Lets take a ride, we'll take a ride. I wouldn't leave here without you.

I am a mountain, I am the sea, you can't take that away from me.

I am a mountain, I am the sea.

'Cause you tear us apart, with all the things you don't like.

You can't understand that I won't leave 'til we're finished here, and then you'll find

where it all went wrong.

Nothing lasts forever, except you and me. (You are my mountain, you are my sea)

Love will last forever, between you and me. (You are my mountain, you are my sea)

I am a mountain, I am the sea, you can't take that away from me.

I am a mountain, I am the sea.

I am a mountain, I am the sea
