

# Now I'm Everyone

Biffy Clyro

Happiness is an allusion  
Hold me close to see me a little more  
Until my body feels your magic touch and steals my skin before  
it rots  
My castle is a great illusion

Now I'm everyone, now I'm everyone, now I'm everyone  
Now I'm everyone, now I'm everyone, its less than I've ever been

Hairy eyes are an obstruction  
Help me die don't wanna rush ya  
And all I need is a philosophy of noise to help me laugh and breathe  
My castle is a great illusion

Now I'm everyone, now I'm everyone, now I'm everyone  
Now I'm everyone, now I'm everyone, its less than I've ever been  
Now I'm everyone, now I'm everyone, now I'm everyone  
Now I'm everyone, now I'm everyone, its less than I've ever been
