

Once an Empire

Biffy Clyro

I wouldn't want to get fucked by,
A kangaroo in any position,
We need to block it, block it, it's spongy,
Your saviour's only picking on you,

You got your foot half way up your dick,
I bet you ten pOund it wouldn't fit,
I was wrong so you must be rich,
Your girl once an empire,
Your girl once an empire,
She lacked some fluid motion all her circles came in squares,
No community,
No community,
You're one of a kind,
One of a kind sister,
Let's break that spell tonight,

I paint my thoughts with a hairbrush,
Jet black is a delicate operation,
My mirror reflects all it sees,
Come in at the end of my empire,

You got your foot half way up your dick,
I bet you ten pOund it wouldn't fit,
I was wrong so you must be rich,
Your girl once an empire,
Your girl once an empire,
She lacked some fluid motion all her circles came in squares,
No community,
No community,
You're one of a kind,
One of a kind sister,
Let's break that spell tonight,

Tonight,

Your girl once an empire,
Your girl once an empire,
She lacked some fluid motion all her circles came in squares,
No community,
No community,
You're one of a kind,
One of a kind sister,
Let's break that spell tonight,
