

# Wolves of Winter

Biffy Clyro

Record this?!

You are no exception  
There are no reruns  
Justify your reasons  
Now it is my turn

We are the wolves!

How's it gonna feel when there's no one to support ya?  
How's it gonna feel when you're standing there alone?

You are no exception  
There are no reruns  
Justify your reasons  
Now it is my turn

Your fits of paranoia  
Drive your every whim  
Well have you seen her?  
This unbearable creature

This is the point we have the choice to be happy together

We have achieved so much more than you possibly thought we could  
Well now you see me  
You can achieve anything.  
Just remember, no I in team  
There's two in brilliant

We are the wolves of winter  
We live in a kingdom of blood

When you gonna rise, seek a man you can dispose of?  
When you gonna try to boil my last bone?

This is true obsession  
Take me and my worth  
Subtle as a steam burn  
More than just a scald

You stink of hallelujah  
But you wash yourself in sin  
Well have you seen her?  
This heavenly creature

This is the point we have the choice to survive the winter

We have achieved so much more than you possibly thought we could  
Well now you see me  
You can achieve anything.  
Just remember, no I in team  
There's two in brilliant

We are the wolves of winter  
We live in a kingdom of blood

We are the wolves of winter  
We live in a kingdom of blood
