

## Wooden Souvenir

Biffy Clyro

You got the blu-hoo-hoos  
You use them from memory  
You're so confu-hoo-hoosed  
Re-charge your batteries  
The queen must take her wand  
And all's restored  
And then a valium, well

You get to choo-hoo-hoose from sadness and happiness  
Baby go boo-hoo-hoo, it's just my mentality  
The queen has changed the turn to rend  
We'll make a more dramatic ending  
I bet you love all the things  
You're always in the back on  
Every misadventure  
Find a car, and drive it home  
There's wooden souvenirs for all but one
