

Just Play Music!

Big Audio Dynamite

Move my feet
And touch my soul
Bass sound drum beat
Rock'and roll

Just play that music
I don't care what key it's in
Where it's come from
Where it's been

Just play that music
I don't need to see your face
I don't need no autographs
I can't play your interviews

Can't hear your photographs
You don't need to be profound
In fact don't speak
Just play that sound
Just play that music

I'll turn on my radio
If you've got a great live show
Just play that music
If it's hitting make it stick

Do your job just play music
Critics mags and interviews
Who cares about bad reviews
Does it have to be so tame

Do I have to twist and shout
Do we have to play this game
Or be down and out
It don't have to look the same

I keep trying to tell 'em
It don't have to all sound lame
I sing the song you sell 'em

If it's hitting make it stick
Do your job just play music
If you need an ear to lend
I've got the cash to spend

Move my feet
And touch my soul
Bass sound drum beat
Rock and roll
Just play that music

Cuz I don't care what key it's in
Where it's come from
Where it's been
Just play that music

Does it have to be so tame

Do I have to twist and shout
Do we have to play this game
Or be down and out

It don't have to look the same
I keep trying to tell 'em
It don't have to all sound lame
I sing the song you sell 'em

Does it have to be so tame
Do I have to twist and shout
Do we have to play this game
Or be down and out

It don't have to look the same
I keep trying to tell 'em
It don't have to all sound lame
I sing the song you sell 'em

Just play that music!
Just play that music
I won't refuse it
I'd like to tell ya

Just play that music!
Stay on that feeling
Don't you loose it
Stay on the stagin'

Just play that music!
Don't you loose it
Just play that music!
Some like the Yankee sound

Just play that music!
Sometimes from London town
Just play that music!
I've seen the that alley ground

Just play that music!
Sometimes from London town
Just play that music!
