

# Rush

## Big Audio Dynamite

If I had my time again  
I would do it all the same  
And not change a single thing  
Even when I was to blame  
For the heartache and the pain  
That I caused throughout my years  
How I loved to be your man  
Through the laughter and the tears

Situation no win  
Rush for the change of atmosphere  
I can't go on so I give in  
Gotta get myself right outta here

Now I'm fully grown  
And I know where it's at  
Somehow I stayed thin  
While the other guys got fat  
All the chances that I've blown  
And the times that I've been down  
I didn't get to high  
Kept my feet on the ground

Situation no win  
Rush for the change of atmosphere  
I can't go on so I give in  
Gotta get myself right outta here

And of all my friends  
You've been the best to me  
Soon will be the day  
When I repay you handsomely  
Broken hearts are hard to mend  
You know I've had my share  
But life just carries on  
Even when I'm not there

Situation no win  
Rush for the change of atmosphere  
I can't go on so I give in  
Gotta get myself right outta here

Situation no win  
Rush for the change of atmosphere  
I can't go on so I give in  
Gotta get myself right outta here

Gotta get myself right  
Gotta get myself right  
Gotta get myself right  
Outta here

Gotta get myself right  
Gotta get myself right  
Gotta get myself right  
Outta here
