

# I'm Not Sleepin

Big Bad Voodoo Daddy

When the town fool is a liar  
And he's preaching to the choir  
You've got a lot of explaining that you do

You see, no one likes a quitter  
It makes us, oh, so bitter  
So, drop your hat and sit for awhile

Ya see, every now and then  
Again we struggle with our past  
We try to stare it in the eye  
And pray that it won't last

Most questions that get answered  
They never make much sense  
But I decided that I care  
And I'll get right down to it

And I said I've stopped sleepin'  
I told myself I'd never close my eyes again  
I'm not sleepin'  
I'm doin' now the best that I can

Well, I like it when you sit  
And get straight down to it  
It suits you more than anyone will admit

'Cause there's something in the air  
And no one seems to care  
Nobody will stand up, not even on a dare

It's funny how we fool them  
With tears behind our smile  
So tried and true, we plow right through  
And hope it's worth the while

Most questions that get answered  
They never make much sense  
But I decided that I care  
And I'll get right down to it
