

## Sleep!

**Big Black**

My head on the ground with my mouth full of dirt  
Your foot in my face is what keeps me alive  
When it's over, when it's over, when it's over  
When this is over, I want sleep

Opened the door with a gun in his hand  
Sometimes I think I'm gonna catch it in the back  
Feed me a line, I've had a few  
Clean my clock, guess I had it coming

When it's over, when it's over, when it's over  
When this is over, I want sleep

Hey hey hey  
Hey hey hey  
Hey hey hey  
Hey hey hey
