

## The Train, Pt. 2 (Sir Lucious Left Foot Saves the Day)

Big Boi

We go through this everydayyyyy  
Adding more to the story trying to make it more interesting  
Lying to yourself like it really happened  
It's like we're riding on a never ending traaiiin  
Pick a stop (pick a stop), pick a lie (pick a lie)  
Pick a reason to convince em that it never happened  
I guess nobody really cares when we're all laughing.  
I think your lie just saved the day

But not like Captain Save  
More like black Captain Kirk, because Big Boi's from some other place  
Oh way deep in outer space where the freaks are not afraid  
To crank that bitch in the moonlight while nobody's getting paid  
Galaxies of slaves, enter Dungeon Family  
With Outkast, Goodie Mob, & P.A. now were +Gnarly+ like +Barkley+  
Without Harley Davidson, maybe someday you will see  
Boy, we been done gave you some, the pipe has already been laid,  
Foundation sturdy as ankle weights or shoe of cement  
Be ready to soprout them wings or choose to cruise like a fish  
We wish, but we need to pray, we don't stray away from this  
Kids, common sense ain't common when your minds trapped in a fence  
But mines is that intense, hence the way that I spit my shit  
Cause I'm fire breathing (fire breathing) dragon in this biiitch  
Which is a girl dog, yet a pitfall  
For me and ya'll, songs found no bombs, but the ones rock  
It's all wrong

Look up, up and I pray  
Channeling that heavenly energy, There's plenty we can say  
But the enemy is winning because your punk ass be afraid  
But I spray what's on my mind to educate and entertain  
KRS, he said it best I learned from listening to these tapes  
Before I-iTunes came out and made CDs obsolete  
For Reality TV would seem to be that big mistake  
And now Big Brother's got these cameras deep in each and every state  
While each in every rapper claims to be the heavyweight  
Cause he mentions cocainia in bout everything he makke  
And they wonder why them people try to pin him with that case  
Cause his blow his dixie crystal pistol play was just for play, fake  
Just for play play...but got them baybays  
Beliving that bullshit  
Just for play play...but got them baybays  
FUCKED UP!
