

Don't Matter

Big Brovaz

Let me know pretty baby
Is he doin' you right?
You might need somebody
New in your life
Somebody who is your type

Call me up, anytime
It could be two in the night
On hind sight
You can call whenever you like

Shit, momma, you're all
The frak I need,
I'm gonna bring the
Alcohol and weed
Enough to cover every
Night this week
The way I see, I don't
Care about your man
He don't need to know about me

Besides, he ain't right,
Look, he treats you wrong
All I want to do is help you
Get your freaking on

And we clicked right away
We wasn't speakin' long
So kick your man to the curb
Where he belongs, uh.

But I love my man
It don't matter, it don't matter
He knows who I am
It don't matter, it don't matter
And we got big plans
It don't matter, it don't matter
I don't know why you
Just don't understand
'Cause I can make you feel right
It don't matter

It don't matter
Hook you up with real ice
It don't matter

It don't matter
Make your fantasy real life
It don't matter

It don't matter
You know that sound real nice
It don't matter
'Cause my man he cares for me
And always there for me
Through thick and thin he'll be, my
Heart, my friend, the love of my life

Yeah but is your
Man loving you right?
Or do you need a thug
In your life 'cause baby girl
Randy the type that'll twist you
Right back 'cause I know you like that
Come up to your crib my
Version of a night cap
Your man thinking that
It's all about doe,no!
Its all about the time we
Spend and love we show
If I was your man then
I'd make you understand
Need time I'm ma cancel my plans Let that man be
And start a new relationship
With me,stress free
You can find ecstasy next to me
Randy gives you 20%
Extra free and em!

But I love my man
It don't matter,it don't matter
He knows who I am
It don't matter,it don't matter
And we got big plans
It don't matter,it don't matter
I don't know why you
Just don't understand
It don't matter

It don't matter
Hook you up with real ice
It don't matter

It don't matter
Make your fantasy real life
It don't matter

It don't matter
You know that sound real nice
It don't matter
'Cause my man he cares for me
And always there for me
Through thick and thin he'll be,my
Heat,my friend,the love of my life

Listen! You should respect me for
The fact that I'm not like that
I like to have a good
Time but I'm not that slack
Ain't nobody gonna play
With my emotions in fact
My night ain't gonna end
Up with me on my back
So just move on over and
Leave me alone
No I'm not impressed by
Your ice and your chrome
Talking bout whips,
Well I got my own
Why you think I'm gonna risk,

Breaking up my happy home

It don't matter

It don't matter

Hook you up with real ice

It don't matter

It don't matter

Turn your dreams to real life

It don't matter

It don't matter

You know that sound real nice

It don't matter

'Cause my man he cares for me

And always there for me

Through thick and thin he'll be, my

Heart, my friend, the love of my life
