

Black-Skinned Blue-Eyed Boys

Big Country

Okay I'm loosened up now children
White is white
What's black ain't over
Together we'll be
When the war is over
You see them black-skinned blue-eyed boys
Ain't gonna fight no war—Oh no!

You go to school
Where the teachers beat ya
When they see that they can't reach ya
You see them black-skinned blue-eyed boys
Ain't gonna fight no war—Oh no!

They ain't got no country
They ain't got no creed
People won't be black or white
The world will be hybrid, world will be hybrid, world will be hybrid
You see them black-skinned blue-eyed boys
Ain't gonna fight no war—Oh no!
Ain't gonna fight no war—Oh no!
