

# Dive In To Me

Big Country

It was a long hot day  
At the end of the Summer  
I had a chill in my heart  
Like the start of the Winter

And I didn't know what to wear  
I wasn't sure what to say  
I was standing alone  
At the tail of the river

Dive in to me - into the raging sea  
Follow your heart down where it's deep  
And it's dark  
Dive in to me - into the healing sea  
Put your life into my hands  
And take a chance  
Dive into me

So we loaded up the car  
Drove deep into the mountain  
Where the river was born  
In time's holy fountain

And we spoke about how it ran  
All the way to the ocean  
Trusting it's path  
To a natural motion

Dive in to me - into the raging sea  
Follow your heart down where it's deep  
And it's dark  
Dive in to me - into the healing sea  
Put your life into my hands  
And take a chance  
Dive into me

Sometimes swirling waters drag you down  
Knowing how to swim doesn't mean  
You'll never drown  
Come the storm, you hold in fear  
Whoever's by your side  
Sometimes you're just drifting in the tide

Dive in to me - into the raging sea  
Follow your heart down where it's deep  
And it's dark  
Dive in to me - into the healing sea  
Put your life into my hands  
And take a chance  
Dive into me
