

Hurt

Big Country

No one should be left to walk through life alone
No one should have to carry such a heavy load
No one should be left behind to take the blame
I know that I can't see you but I can hear you

No one can hurt you now
No one can bring you down
No one can touch you now
Oh-oh, oh-oh-oh
No one can hurt you now

No one should be silent in a world of sound
No one should be blinded when the sun comes out
No one should be in prison and put on trial
When all would be forgiven by a higher power

No one can hurt you now
No one can bring you down
No one can hurt you now

All that was taken away
All the hurt 'n all the blame

I can hear you now
No one can hurt you now
(No one) Nobody's gonna bring you down
No one can hurt, hurt you now
Nobody's gonna break you down
No one can hurt you now
