

Return

Big Country

I can hear your voice in the silence
Calling out
I can feel your footsteps behind me
They never die

I can see your light still shining
Through the winter that was lost
All your hopes and dreams in the shadows
You never left, you only went away

I'll be there
I'll be there
I'll be there
When you return

I'll be there
Always there
I'll be there
When you return

The sense of your spirit
Will always remain
Here with me

Your love brought the mountain
The river and sea
Stays with me

In the dreams that I still have to dream
In the fields that you call home

I will find my way
And shed no tear
You never left
You only went away

I'll be there
I'll be there
I'll be there
When you return

I'll be there
Always there
I'll be there
When you return

I can hear your voice in the silence
Calling out

I'll be there
I'll be there
I'll be there
When you return

I'll be there
Always there
I'll be there

When you, when you return

I'll be there
When you return
