

## Send You

## Big Country

There's a place where all roads end  
A place where we can meet again  
If things begin to end  
I hope that I can make amends

Hey kid there's nothing wrong with you  
There's nothing wrong  
Hey kid the circus comes to town  
But must move on

I will send you a lullaby  
You may not weep, you may not cry  
What else am I gonna do  
To keep this world from hurting you

I will send you a lullaby  
You may not weep, you may not cry  
What else am I gonna do  
To keep this world from hurting you

There's a time when all things slow  
When no one else will come or go  
When it's time I hope to know  
The strength to let me let it go

You know there's nothing wrong with you  
There's nothing wrong  
You know the show will come to town  
But must move on

I will send you a lullaby  
You may not weep, you may not cry  
What else am I gonna do  
To keep this world from hurting you

I will send you a lullaby  
You may not weep, you may not cry  
What else am I gonna do  
To keep this world from hurting you

Hey kid there's nothing wrong with you  
There's nothing wrong  
Hey kid the circus comes to town  
But moves along

I will send you a lullaby  
You may not weep, you may not cry  
What else am I gonna do  
To keep this world from hurting you

I will send you a lullaby  
You may not weep, you may not cry  
What else am I gonna do  
To keep this world from hurting you
