The Teacher

Big Country

We talked and smoked all through the night You led me where I had no sight Till birdsong broke the morning light And I was weak with strange delight

Teacher will you show to me The bond between the land and sea For I am new to mystery I want everything laid out for me All of history All of history

You showed me walls around the world Where seekers passed and flags unfurled You wove a tale in silken curls And blew the mist in silver swirls

Teacher will you show to me The bond between the land and sea For I am new to mystery I want everything laid out for me All of history All of history
