

To Be Your Man

Big Daddy Kane

Mmmmm, mmm, mmm!

My my my my my my my my my
This must be what you call, love at first sight
When you commit yourself to someone
And don't even know wrong from right (wrong from right)

Looks like my feelings been united with you baby
But maybe just a little bit too soon
I realized that hearts get broken, sweetheart
I couldn't stand the wound (can't stand the wound)

So I put mines in your hands girl
And it's all yours my dear
But you got to be gentle, cause it's fragile see
That means handle with care (handle with care)

Hey, reminisce on how I first met you
You remember -- backstage at my show
I thought that I was the star until I saw you
(but I did not love her) (I did not love her)

Escapin from the crowd to be alone witchu
'Cause I had oh so much to say
As we sat down in my dressin room girl, huh
And just talked the entire night away

From that moment on I felt that I knew you
Just like the back of my hand (I love you, I love you)
Loved you like I never loved another (I loved you)
And dreamt of bein your man

How would it feel? To be your man?

Just think of the first time that we went out to the movies
When we went to see that picture
Iahhhhhh, I was the on the first thing smokin
Just to fly that head to getcha (I gotta getcha)

And what about the time that I called you long distance
On my car telephone (and I was alone)
Now that's what I call reachin out to touch somebody
At a million dollar zone

But you see, it didn't matter sweatheart, nah baby
'Cause I'd call Mars for you
Climb the highest mountain to be by your side
Word to MOTHER, cause my love is true (my love is true)

Girl, if you could just understand (try to understand)
All the things that I'd do
Just for the sake of me, Kane, bein' your man

How would it feel? To be your man?

Do it to em Blue Magic!

How would it feel? To be your man?

So what you sayin' baby?

So what you sayin' baby?

How would it feel? To be your man?

Can I be your man? (I'll be good to you)

So good to me..

(I'll be good to you)

How would it feel? To be your man?

Come on girl, yeah, yeah (be so good to you)
