

Magnificent God

Big Daddy Weave

When darkness clouds the day
When we are afraid
You are there

When trouble closes in
It's hard to trust again
You are there

And we fix our eyes on You
Our hope is found in You

You are Glorious, Almighty
Infinite and Holy
Gracious, Full of Mercy
Love without an end
Magnificent God, Magnificent God

Our hearts are full of wonder
Captured by Your beauty
Falling on our knees we worship You alone
Magnificent God, We bow before all You are

Gathered in this place to glorify Your Name
You are here

Your Presence is revealed as hearts are being healed
You are here

And we lift our eyes to You
Our hope is found in You
