

Blues For Annie

Big Head Todd and the Monsters

Annie don't you run away
I won't leave you behind
Just you wait one longer day
Just you ease your mind
Annie don't you run away

Annie don't you cry
I won't let you down
I never meant to say goodbye
To this love I found
Annie don't you cry

Said I've been gone for too long
And I've been too far away
It'll seem like I've never gone
Hey Annie, don't stop waiting

Annie don't you lose your heart
I won't leave you behind
I loved you from the start
Just you ease your mind
Annie, don't you lose your heart.

Hey Annie, don't stop waiting
