

# These Days Without You

Big Head Todd and the Monsters

These days without you let me down slow  
And keep me after what I used to know,  
And keep me waiting for your smile,  
Sunlight in your eyes,

And deeply hopin' you'll be coming home  
These days have got me down upon my knees  
Amazed at what I never thought I'd need  
If I could have you I would try  
Not to let slip by,

For what once seemed so important to me  
And when I wake up,  
I reach over for you,  
No I won't stray cause,  
I'm troubled for you

These days I'm counting on the sun to take  
And find me dreaming that you'd gone away  
And wake to hear you grumble along  
Lord I've been so wrong  
And sorry for the things I didn't say  
And when I wake up,  
I reach over for you,  
No I won't stray cause,  
I'm troubled for you

These days without you know they're gonna end  
'Cause time can't come between two better friends  
And what I can't see I will find  
Cannot lose it's shine  
And what is broken time is gonna mend  
And when I wake up,  
I reach over for you,  
No I won't stray cause,  
I'm troubled for you
