

## Tower

### Big Head Todd and the Monsters

I want to be your Saturday, your sunrise,  
in an empty space  
Keep you to your lazy ways, dream late  
A love affair, an end too soon, swept away,  
and left unused  
I want to see, if you're amused  
Or alive  
Walkin' 'round the tower of love  
Stuck on the ground  
I can't climb up  
Seems like every time I look up  
Rain's comin' down  
Storm clouds above

I want to sleep beside you now,  
and leave behind the world without  
Deep inside and there's none to count  
or untie  
I want to be the one you break, and take you  
to the higher place  
Just believe and I can make you fly

Walkin' 'round the tower of love  
stuck on the ground  
I can't climb up  
Seems like every time I look up  
Rain's comin' down  
Storm clouds above

What is done can keep you down, and only love  
can turn around  
And yesterday won't make a sound as you climb
