

R4 Theme Song

Big K.R.I.T.

Refrain from being lame; say it like you mean it
Get up off your feet like it's the first time you seen it
Music is my bitch let nothing come between us
Can't no one do it better hoe
It's the return of 4eva, 4eva eva
It's the return of 4eva, 4eva eva
It's the return of 4eva, 4eva eva
It's the return of 4eva, 4eva eva

They hollin bout time, that's what they told me
You want this money don't be scared hoe show me
Old school, I'm pushing hellas fast
I working wheel cracking seals breaking throws-backs
Never change, I can't be Hollywood
I'm way to country plus I'm bumping in my neighborhood
Fifth wheel, coming now hard
Cause all I wanted was some rims on a candy car
Third Coast, now what'cha know about it
I keep it trill never slippin you should never doubt it
Pimp tight, picture perfect frame
Never trickin on these dames, refrain from being lame

Refrain from being lame; say it like you mean it
Get up off your feet like it's the first time you seen it
Music is my bitch let nothing come between us
Can't no one do it better hoe
It's the return of 4eva, 4eva eva?
It's the return of 4eva, 4eva eva?
It's the return of 4eva, 4eva eva?
It's the return of 4eva, 4eva eva?

They hollin hol' up, but I can't slow it down
Too much to prove if it ain't money I can't come around
More tie, that's what I'm known for
I'm never comfy came from nothing bitch I want mo'
Don't play, you know this go foreal
I kept it country now be country even with a deal
Still fly, can't keep a playa down
Mainstream is cool but in my heart 4eva underground
Thank God, may do with what I have
I grew up po' but what'cha heard I ain't goin back
R 4, I'm letting my nuts hang
Never trickin

Refrain from being lame; say it like you mean it
Get up off your feet like it's the first time you seen it
Music is my bitch let nothing come between us
Can't no one do it better hoe
It's the return of 4eva, 4eva eva?
It's the return of 4eva, 4eva eva?
It's the return of 4eva, 4eva eva?
It's the return of 4eva, 4eva eva?
