

## Roc Raida Mixtape

Big L

You never know what my peeps might do  
To creeps like you, 'cause when we roll we be deep like Wu  
And I'm fast to grab a mic and drop a quick 16  
On the real my shit is hotter then that bitch Christene  
My click gets cream, heavy from New York to Spain  
Talk with slang, pimp cats who walk with cains  
Clown niggaz you ain't got a chance at all  
'Cause Big L, Corleone is to advanced for y'all  
And I be makin' major moves all across the world  
So please don't be upset if I toss your girl  
Eh yo I meet a chick, I give her sex then I leave her  
So much ice on my chain, it's like my necks in a freezer

What, Flamboyant for life
